D-LUG

LHD-5

Bridgestone Subterranean V-Steel Mining D-Lug (VMDL) is the latest offering in tire technology for the underground hard rock segment. Through its updated design, these tires provide advanced performance and load capacity for extra-heavy-duty loaders.

The VMDL radial tire provides excellent traction and stability.

LHDs

SPECIALIZED FEATURES

1 OPTIMIZED BELT AND ENHANCED BEAD CORD STRUCTURE

Allows for increased load capacity equal to 3-star rating at 2-star rating air pressure for optimal performance

2 EXTRA DEEP TREAD

Offers excellent traction, stability and a comfortable ride on severe rocky surfaces

3 SPECIAL SIDEWALL DESIGN

Provides extended protection from cutting
